Semester: 1st Semester

Teaching Languages: Hebrew

Campus: Mt. Scopus

Course/Module Coordinator: Zvi Carmeli

Coordinator Email: zcarmeli@gmail.com

Coordinator Office Hours: Thursday, 18:00-19:00

Teaching Staff:

Dr. Zvi Carmeli

Course/Module description:

Freud is one of the scholars the profoundly influenced Western culture as it developed during the twentieth century. This course deals with the manner in which Freud's thinking shaped psychoanalysis, psychodynamic therapy, and the vision of the human subject

Course/Module aims:

1. Review of the cornerstones of Freud's theory as it has developed over the years of his work.
2. Highlighting elements of Freud's theory which are relevant to therapeutic work today
3. Understanding how the basic principles of Freud's theory have been incorporated into modern therapeutic approaches.

Learning outcomes - On successful completion of this module, students should be able to:

1. to explain the main ideas of Freud's theory and the way in which they developed
2. to distinguish between Freud's theory and its therapeutic approach, and to explain the relationship between them
3. to discuss the relationship between Freudian psychoanalytic therapy and modern psychoanalytic therapy
