

Syllabus

MULTICULTURAL PSYCHOLOGY - 51998

Last update 03-03-2015

HU Credits: 2

Responsible Department: Psychology

Academic year: 0

Semester: 2nd Semester

Teaching Languages: Hebrew

Campus: Mt. Scopus

Course/Module Coordinator: Dr. Novis Deutsch

Coordinator Email: nurit.novis@gmail.com

Coordinator Office Hours: Tuesdays 14:10 - 15:10

Teaching Staff:

Dr. Nurit Novis-Deutsch

Course/Module description:

The course opens with an introduction describing the general principles and main

theories in cross-cultural and cultural psychology as a field of research. We then discuss several topics which bear on multi-cultural therapy (parenting, happiness, values, morality and personality. Finally we discuss directly issues of cultural diversity in the therapeutic setting, including immigration, diagnosis, psychopathology, and cultural sensitivity.

Course/Module aims:

Learning about cultural paradigms within the field of psychology both in research and in therapy.

Learning outcomes - On successful completion of this module, students should be able to:

- Read and critique research which is not culturally sensitive.
- Analyze and assess cross cultural or cultural research.
- distinguish cultures by various dimensions.
- become a more culturally-sensitive and aware therapist.

Attendance requirements(%):

95%

Teaching arrangement and method of instruction: - Frontal teaching with and without PPTs, including use of varied multimedia.

- Class discussions
- Class exercises.
- Personal reflection and introspection about cultural prejudice.
- Sharing clinical experience,
- Working in pairs and groups.

Course/Module Content:

Introduction: Between cross cultural and cultural psychology (classes 1-2), Theoretical frameworks: Self, identity, cultural dimensions and values (classes 3-4), Cultural differences and their impact on the individual - four case studies: personality, morality, parenting and subjective well being and how each of these may be expressed in the clinical setting(Classes 5-7)

The immigration experience and meeting immigrants in therapy. (class 8)

Psychopathology from a cultural perspective (class 9)

Multicultural therapy - some general principles to keep in mind. Examples to be discussed pertain to clients from an Arab, Russian, Ethiopian and Ultra Orthodox background.(classes 10-11)

Experiential practice of meeting people from other cultures (with Dr. Daniel Marom)
- classes 12-13
Conclusion.(class 14)

Required Reading:

class 2:

Gladwell, M. (2008). Chapter 6, pp. 161-177.

Edge : What scientific idea is ready for retirement 2014? Pascal Boyer and Laura Betzig: Culture.

optional:

Griswold (2008). *Culture and the cultural diamond*.

class 3:

Henrich, J., Heine, S. J., & Norenzayan, A. (2010). *The weirdest people in the world*. *Behavioral and Brain Sciences*, 33(2-3), 61-83.
