Syllabus

MUSIC IN THE ISLAMIC COUNTRIES - 23839

Last update 18-01-2014

HU Credits: 2

Degree/Cycle: 2nd degree (Master)

Responsible Department: Musicology

Academic year: 1

Semester: 1st Semester

Teaching Languages: Hebrew

Campus: Mt. Scopus

Course/Module Coordinator: Prof. Edwin Seroussi

Coordinator Email: seroussi@mscc.huji.ac.il

Coordinator Office Hours: Monday 11:30-12:30

Teaching Staff: Prof Edwin Seroussi
Course/Module description:
The music of the world of Islam will be analyzed as a cultural system based on the aesthetic and ethics ideals of Islam as well as the tensions challenging these ideals, especially in modernity. The course will treat a variety of urban and rural musical genres in spaces inhabited by different ethnicities (Arabs, Turks, Iranians, etc.) with the exception of South-East Asia. The historical depth of the music of the world of Islam will be discussed on the basis of present-day practices with emphasis on issues such as national and sub-national identities as well as globalization. Musical principles shared by different musical cultures within the Islamic space will be addressed, such as modality, rhythmic cycles, compound forms, and performance practices.

Course/Module aims:
To examine the music of the world of Islam in its historical, social and geographical contexts.

To become familiar with the scholarly literature on the music of the world of Islam as well as with data bases and the sonography pertinent to the subject.

The develop the ability to analyze aurally music from diverse areas of the world of Islam.

Learning outcomes - On successful completion of this module, students should be able to:
- Capability to identify music from different areas of the world of Islam and to analyze it in its sonic form and texture, and its social, religious and/or historical contexts.

Attendance requirements(%): 85

Teaching arrangement and method of instruction: Frontal lectures mixed with discussions of a selection of texts and analysis in class of a selection of musical works.
