Coordinator Office Hours: By appointment

<u>Teaching Staff:</u> Prof Alon Kadish

## Course/Module description:

The Western Front in the First World War from the Battle of the Somme to the end

of the war.

#### Course/Module aims:

Identify and analyse some of the major characteristics of the war in the West, especially the learning process in various spheres in the British army.

<u>Learning outcomes - On successful completion of this module, students should be</u> able to:

Recognize the characteritics of the Somme campaign, the British efforts to define a new doctrine for trench warfare and the development of the German defense doctrine.

Analyze using the development of the tank as an example, the relations between technological change and the evolution of military doctrine.

Describe the campaigns of 1917 including the use of tunnels and the deployment of tanks in the battle of Cambrai.

Vimy ridge and the effect of the war on the development of Canadian national awareness.

Examine the failure of the German offensives in the West in 1918 and the end of the war.

Evaluate the lessons of the war from the perspective of the different armies.

## Attendance requirements(%):

90%

Teaching arrangement and method of instruction: Lecture and assigned reading
