ברוכים הבאים להיסטוריה של המיניות באירופה המודרנית!
The seminar research is focused on the history of sexuality from ancient times to the end of the twentieth century, with a special emphasis on the late Middle Ages and the early modern period. Research into the history of sexuality began, in fact, in the 1960s and '70s, influenced directly by the developments of the political movements Queer, Liberation Gay, and the women's movement that resulted from the developments of the 20th century: the women's movement. The seminar will explore the history of sexuality in particular, and modernity in general, with an emphasis on the intersection of these two themes.

Goals of the course:

1. Understanding what is the history of sexuality and what makes it specific in the modern period
