Dr. Ido Ramati

Course/Module description:

This course offers a broad view on key approaches and concepts in the study of communication and culture. It examines historical and contemporary issues through the perspective of cultural research as an in-depth approach in media studies. During the course we will discuss the cultural roles of algorithms, screens, the relationship between media and the body and the person, media environments, visual culture and other fundamental issues for the current cultural era. As part of this course, we will practice the use of methodologies relevant to the field of media and culture, with an emphasis on advancing the students' research.
