Academic year: 0

Semester: 1st Semester

Teaching Languages: Hebrew

Campus: Mt. Scopus

Course/Module Coordinator: Avner HaCohen

Coordinator Email: avner.psy@gmail.com

Coordinator Office Hours: by appointment

Teaching Staff:

Mr. Avner Hachon

Course/Module description:

Chronological and essentialist review of the origins and development of psychotherapy since Freud to the present.

Course/Module aims:

This course gives an introduction to theoretical and experiential concepts in the Psychotherapeutic field.

Learning outcomes - On successful completion of this module, students should be able to:

It gives the student a basic "map" and an initial orientation in the language, variation and experience of Psychotherapy.

Attendance requirements(%):

100

Teaching arrangement and method of instruction: Frontal teaching using clinical examples.

Course/Module Content:

- 1. Models of change in psychotherapy: "doing" and "being"; the role of relationship in therapy, process and goal.*
- 2. Historical perspective of mental illness: Demonizing the Illness, custody of mentally ill, the Medical model and the anti-psychiatry movement.*
- 3. Foundations of dynamic therapy, the five floors of theory: ground floor. Freud: rehabilitation-of-memory, and the conflict-model. The discovery of the unconscious. The objectification of therapy and positivism.*
- 4. Second floor and the first revolution: ego psychology and object-relations in psychotherapy. The shift from "a person-meets-a world" psychology to "a person-meets-a person" psychology.*
- 5. Rebellion - moving to a new building: Cognitive-Behavioral-Therapy. Same goal, different methods.*
- 6. Third floor: Integrative approaches in dynamic therapy. Winnicott and "potential - space", the 'third' and the therapeutic space, therapy as relationship.*
- 7. Forth floor: from objectivism to subjective and narrative truth. From "understanding" to "helping", Empathy and self psychology.*

8. *Fifth floor: subject meets subject. Relational psychology and inter-subjectivity. A critical appraisal of dynamic theory and the birth of a new tradition.*
