Dr. christian thauer

Course/Module description:

The course gives students an overview of current political and socio-economic developments in Germany. We discuss Germany's renewed 'economic miracle' in the past 10 years, the country's refugee 'crisis', the recent and current elections and its effects on the party system, and the return of right-wing political movements.

Course/Module aims:

The aims are

- 1.) a good understanding of the political and socio-economic situation and developments in Germany;
- 2.) engaging with and discussing complex academic texts and arguments.

Learning outcomes - On successful completion of this module, students should be able to:

- 1.) Good overview of empirical developments in contemporary Germany;
- 2.) relating these findings to complex and abstract theoretical arguments about German Political Economy, its party system and in Comparative Politics.

Attendance requirements(%):

80

Teaching arrangement and method of instruction: Text-based discussions; lecturing; documentaries; engaging with material from diverse media sources.
