

## The Hebrew University of Jerusalem

Syllabus

### *Nuclear Proliferation Deterrence and Arms Control: Challenges and Policy Options for Europe - 54853*

*Last update 11-12-2019* 

HU Credits: 1

Degree/Cycle: 2nd degree (Master)

Responsible Department: European Studies

<u>Academic year:</u> 0

Semester: 2nd Semester

Teaching Languages: English

<u>Campus:</u> Mt. Scopus

Course/Module Coordinator: Dr. Martin Senn

Coordinator Email: Martin.Senn@uibk.ac.at

Coordinator Office Hours:

#### <u>Teaching Staff:</u> Prof Martin Senn

#### Course/Module description:

The course analyzes the history and current developments in the field of nuclearweapons (non)proliferation, arms control, and disarmament with a particular focus on Europe.

Course/Module aims:

# Learning outcomes - On successful completion of this module, students should be able to:

The students should be able to

- reflect on the fundamental technological aspects of nuclear proliferation.
- reflect cases of (potential) proliferation on the basis of existing theories.
- reflect on theories and practices of nuclear deterrence and arms control.
- reflect on theories and practices of nuclear non- and counter-proliferation.
- reflect on the challenges and policy options for Europe.

#### Attendance requirements(%):

Teaching arrangement and method of instruction:

#### Course/Module Content:

The course introduces students to the demand- and supply sides of nuclear proliferation (why and how states acquire nuclear weapons), nuclear strategy and (in)stability, nuclear arms control and nonproliferation. It approaches these topics from a European perspective, i.e. it focuses on European threat perceptions and counter-strategies in this policy field.

<u>Required Reading:</u> Will be announced at the beginning of the course Additional Reading Material:

<u>Course/Module evaluation:</u> End of year written/oral examination 0 % Presentation 0 % Participation in Tutorials 0 % Project work 0 % Assignments 0 % Reports 0 % Research project 0 % Quizzes 0 % Other 100 % see additional information

<u>Additional information:</u> Presentation 40% Students will work on a case-study and present their findings in class. Essay/Project work 60% On the basis of their in-class case study, students will develop a more focused research question for a final paper.
