Syllabus

THE INTERNATIONAL DIMENSION OF DEVELOPMENT - 58713

Last update 22-08-2015

HU Credits: 2

Degree/Cycle: 1st degree (Bachelor)

Responsible Department: international relations

Academic year: 0

Semester: 1st Semester

Teaching Languages: English

Campus: Mt. Scopus

Course/Module Coordinator: Prof. Moshe Hirsch

Coordinator Email: moshe.hirsch@mail.huji.ac.il

Coordinator Office Hours: Monday 12:00-13:00 (by appointment)

Teaching Staff:

Prof Moshe Hirsch

Course/Module description:

This course focuses on several major topics regarding economic development and the position of developing countries in the contemporary trading system. The course would address the principal dimensions and measurement of "underdevelopment", principal theories of development (i.e., why some countries managed to become 'developed' while the other remained underdeveloped?), the basic principles of the GATT/WTO system, the WTO special rules regarding trade with developing countries

Course/Module aims:

The students will acquire knowledge and analytical tools regarding economic development and the special position of developing countries in the world trading system.

Learning outcomes - On successful completion of this module, students should be able to:

*Define economic development according to various parameters and Acquire knowledge regarding the particular features of developing countries.
Assess the principal theoretical approaches to economic development.
Acquire knowledge regarding the legal principles of the international trading system and the particular positions of developing countries in this system.
Apply the above theoretical approaches as well as principles of the international trade to a particular developing country.*

Attendance requirements(%):

90%
